

The logo is set against a dark blue background filled with numerous small, white-outlined circles of varying sizes, resembling bubbles. A thick, curved white line with a black shadow runs along the bottom of the frame. The word "FISHER" is written in a large, white, italicized, sans-serif font. A horizontal white line extends from the top of the 'F' across the top of the word, ending with a registered trademark symbol (®).

FISHER®

MANUFACTURING COMPANY

Commercial Faucets Since 1936

COMMERCIAL FAUCETS

Fisher faucets feature ceramic disk stems with easy stem identification, internal cartridge stops, ceramic shut offs, and check valves. Limited lifetime warranty. Swivel and rigid outlets so there is no need for extra adapters, and each one is laser engraved with the Fisher logo.

DRAINING™

The DrainKing™ features a stainless-steel rotary ball valve that shear off obstructions, dual PTFE seals to double protect against leaking and are recessed to prevent internal damage. With a 99-year warranty on body and 1 year on handle.

PRE-RINSE UNITS

The Fisher Pre-Rinse Units feature our Ultra Spray™ Valve Plus with a knife edge spray nozzle, PTFE disc for smoother action, and they fit all brands of hoses. Santoprene food grade heavy duty hose, interchangeable with all major brands. Available in brass or stainless-steel.

ALL YOUR COMMERCIAL KITCHEN UNITS IN ONE PLACE

- Fisher Manufacturing have been manufacturing products for commercial applications since 1936. Fisher is the number one choice for education, healthcare, grocery, hospitality, casual dining, quick serve restaurants and marine/coastal environments. Explore the capabilities of the worlds best plumbing solutions at www.fisherfaucets.com. By navigating our website you can find the right faucet, fitting or accessory that fits your needs.

SERVICE SINK FAUCETS

Fisher's service sink faucets rugged design starts on the outside with a hand hook fit to hold buckets and a garden hose thread for easy hose hook ups. Our Ceramic Disk Stems are laser etched for easy stem identification, internal cartridge stops, ceramic shut offs, and check valves. Limited lifetime warranty.

REEL RINSE UNITS

The heavy-duty Reel Rinse System features a tough 3-ply, 2-braided hose that can handle a continuous water temperature of 160°F. Full sized Reel Rinses come standard with a 20', 30' or 50' hose.

GLASS FILLER UNITS

Fisher glass fillers feature high quality construction, great looks, and simplicity of design for long service life. Features tamperproof volume control perfect for self-serve stations; greatly reduces water waste and overfilling of glasses. Interchangeable with all major brands.
