

BRASS or STAINLESS

When it comes to plumbing fixtures, foodservice professionals want reliability, affordability and selection. As the leader in commercial plumbing equipment and hardware specialties, Fisher Manufacturing offers a full-line of products to meet any installation requirement and provide years of consistent service.

WILL BRASS BENEFIT YOUR OPERATION?

The industry standard, Fisher brass fixtures offer a lifetime of reliability and performance. With a triple-plated chrome finish that requires little maintenance and upkeep, its shiny surface withstands hard water corrosion and maintains a beautiful appearance. Fisher brass fixtures offer a "tried and true", economical solution for virtually any plumbing need.

HOW WILL STAINLESS STEEL SERVE YOUR NEEDS?

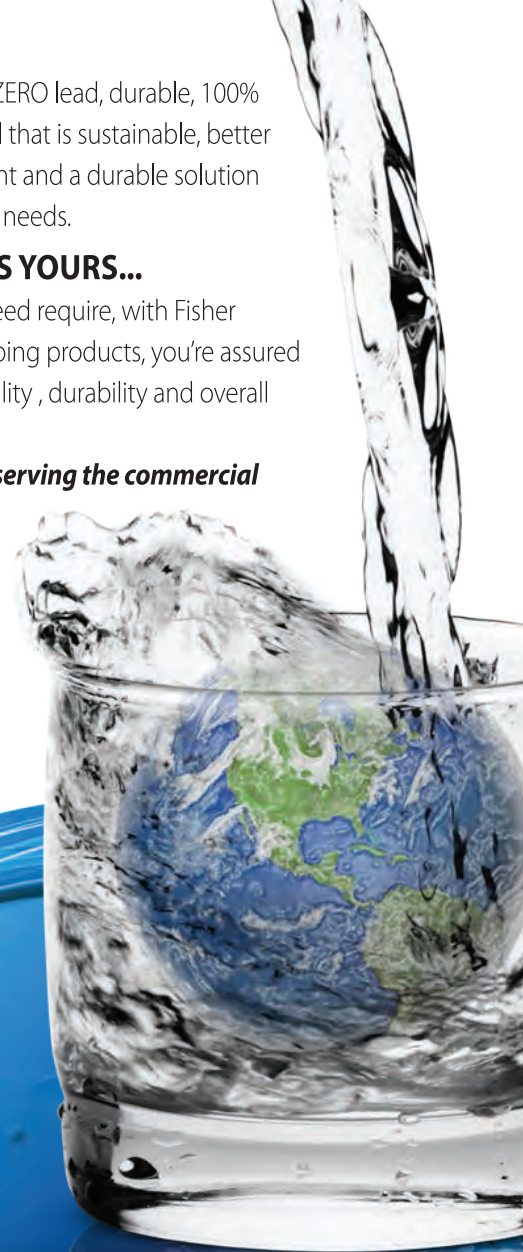

Fisher stainless steel products are a recent innovation, providing foodservice professionals with a reliable solution for legislation-driven regulations. Many states now require that all faucets and fixtures contain no more than one quarter of one percent, or 0.25% lead. Fisher's stainless steel faucets meet these compliance

guidelines with a ZERO lead, durable, 100% recyclable material that is sustainable, better for the environment and a durable solution for your plumbing needs.

THE CHOICE IS YOURS...

Whichever your need require, with Fisher commercial plumbing products, you're assured of the finest in quality, durability and overall service life.

Fisher... Proudly serving the commercial plumbing needs of the foodservice industry for over 87 years!

KETTLE FILLERS

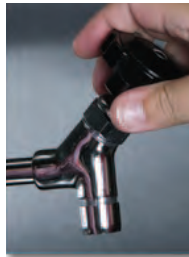

Filling large volume kettles is often time consuming and inconvenient, but Fisher Kettle Fillers make it easy and efficient. Their hook-shaped spout hangs on the kettle's side while filling it with water. And, a useful hook holds the faucet's spout when not in use. Choose from a variety of wall or deck mount models.

Single Deck Dual Control Valve Kettle Filler

POT FILLERS

Never carry a heavy pot full of water to the range again. Instead, "filler up" with a Fisher Pot Filler Unit mounted close to your range for easy access to water.

Swing Away Dual Joint Pot Filler

REEL RINSE UNITS

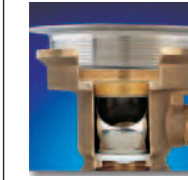

Access water anywhere in the kitchen with our powerful Reel Rinse System featuring 12-, 30-, 35- or 50-foot hoses housed on retractable spools.

This versatile system can pre-rinse soiled dishes, spray down work areas, clean floors and much more. Accessory kits are available to make installation a snap.

Stainless Steel Open Reel Rinse with Spray Valve

DRAINS

Spend more time with your customers not your sink! Fisher's exclusive DrainKing™ empties large sinks fast. It's the only Stainless Steel ball-type waste valve with two, smooth riding Teflon® seals, posi-stop action, and a 99-year warranty. (Lever Handle 1-year)

DrainKing™ Ball-Type Rotary

OUR QUALITY FLOWS

The first Fisher Spray Valve introduced in 1956.

Fisher Pro-Spray introduced in 1981.

The Fisher Ultra-Spray™ Setting the efficiency standard in 2005.

Since 1936, Fisher has continually set the standard for high quality, reliable commercial plumbing products. The evolution of our spray valves are just one example of how we continually innovate products to provide the most advanced plumbing systems in the industry. When you install Fisher...you've installed the best! Fisher Manufacturing is a strong believer in conserving the earth's natural resources, supporting the local community, and taking part in protecting the environment worldwide for the future.

EZ-INSTALL ADAPTERS

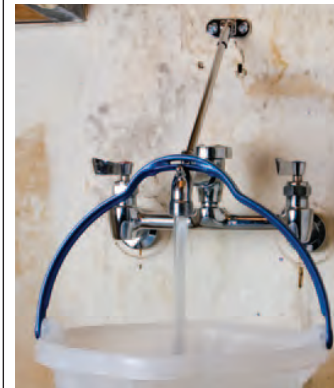

With Fisher's EZ-Install Adapter, replacing competitive backsplash mount faucets is quick and effort less. There's no need to remove the sink from the wall or replace mounting connection hardware. Just take off the old faucet, simply thread the adapter into the fitting and attach a new Fisher faucet. It's that easy! And the system works with all competitive brands — including Chicago, T & S and Krowne.

EZ-Install Kit

SERVICE SINK FAUCETS

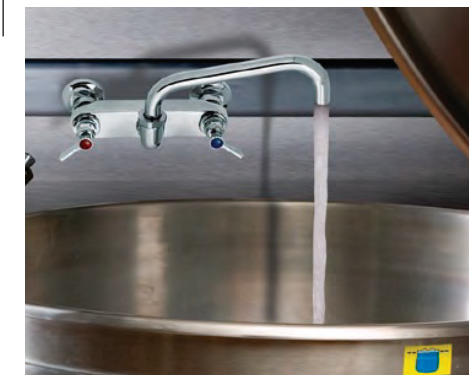

With a functional design that includes a vacuum breaker, pail hook and garden hose threads, Fisher Service Sink Faucets are the perfect solution for areas that take a lot of abuse.

Service Sink Faucet with Vacuum Breaker

3/4" FAUCETS
